Great news! The Government has announced an extension of the Primary PE & Sport Premium grant until 2020 and a doubling of the funding from September 2017. At the time of printing 17/18 schools have already signed up to our School Sport Programme for 2017-18.

So far this academic year **100%** of schools have attended at least one sports competition/festival and over **3347** pupil places have been accessed. These events have created **184** opportunities for Young Leaders from year's 8 to 13.

This term **18** staff from 10 schools attended a Early Years 'Ready to Write' PE course led

by Lesley Doughty and the feedback was excellent. As a follow up, we are looking to put on a Yoga course for early years teachers in the summer term

One of the major aims of the programme is on-going staff CPD in schools and so far over **150** staff across all schools in the partnership have accessed this working alongside their School Sport Programme Teacher. Year 1 Multi-Activity Festival Attracts Huge Numbers!

500 Year 1 pupils from across 16 schools in the Blyth and Bedlington School Sport Programme gathered at Blyth Sport Centre to participate in the annual multi activity festival.

This event is aimed at our youngest children and they took part in a variety of activi-

ties to help develop their agility, balance and coordination, which are vital components both for sport and every day life.

The children were divided into 6 groups, and mixed with children from other schools in the spirit of friendship, and following the other core values of the Olympic legacy: equality,

cooperation, inspiration, courage, determination, excellence and respect.

The activities were all supported by 24 'Young Leaders' from The Blyth Academy.

Fun was had by all!

Leadership Academies Flourish In High Schools

Bedlington High School netball umpires and mentors

A successful netball umpiring programme is underway at Bedlington High School to enable students to practice and improve their umpiring skills. Following a successful England Netball course for beginner umpires, the girls started to practice their umpiring at Bedlington High at netball clubs. They then progressed to umpiring at events run by the Blyth and Bedlington School Sport Partnership

where they officiated for children in Years 5 and 6. A group of 3 experienced umpires who are now in the 6th form are mentoring the younger umpires, offering them the benefit of their experience and helping them to improve. The goal is for the umpires to then officiate at the Northumberland School Games in June. The programme is now in its second year and is really beneficial to all involved

as the partnership get umpires who can help out but the umpires experience developing a new set of skills whilst also learning the benefits of volunteering. Volunteering is an excellent addition to the girls' applications when applying for college, university or the work place as it shows they are prepared to give up their own time for others as well as developing good communication skills and team work.

Dance Extravaganza Ends The Term In Style Again!

The Spring term ended in the usual way with over 350 pupils from Key Stage 1 & Key Stage 2 putting on a fantastic display of dance.

The festival took place on the morning of Thursday 23rd March and the quality of the work produced by the pupils was exceptional and a fitting testimony to all the hard work that the teachers and students had put in.

The performances covered many styles of dance ranging from traditional country

to Hip-Hop and contemporary, which was great to see.

Many of the dances were topic based and told stories of work that had been covered in the pupils lessons back at school.

As with previous year's there were some excellent solo performances from pupils from all age ranges.

The event took place in the fantastic auditorium at The Blyth Academy and our thanks go to them for hosting our festival once

again. The facility certainly adds to the quality of the event.
