Dear Parents/Carers

Gas Works

We were informed a few months ago by Northumberland County Council that we require our mains gas pipe replacing and a new meter to be installed. While we hoped that this work would be undertaken by the council and Northern Gas Networks over the Summer Holidays; this has not happened.

I've been informed today that work will be starting this Friday and may last up to three weeks. Fencing will be set up in the yard area where the minibuses are currently parked while the work takes place. I have been assured that access will not be affected at all inside the school grounds. However, the footpath along Stakeford Lane just outside the vehicle gate will be closed for a short time as will the footpath along the front of school by the classroom windows.

The children will have no access at all to the area work is being undertaken in.

I apologise for the inconvenience these works may cause. Unfortunately, the timing of the works is outside of our control. If anyone experiences any issues during the works, please let me know.

Yours sincerely

A. Miller
