### **Big Battery Hunt**

Dear Parents/Carers

Calling all battery recycling pioneers.

Mowbray Primary has registered to be a part of the UK's biggest school **battery recycling programme**.

We hope to make a real difference to our planet by inspiring your children to recycle more batteries.

Each child has been given a battery recycling box to take home so that they can start collecting. Once their box is full it needs to be returned to school and emptied into the large battery recycling bin. All boxes full or not need to be returned to school by Monday 13 May.

We believe that every school could be more recycling friendly, so join us in our mission to educate the next generation about batteries and how to make sure they don't end up in landfill.

Last year over 500,000 school children recycled over 4 million batteries! Help us to recycle even more this year!

Yours sincerely

Mrs. M Tallantyre
